North XL

Transformative design in a generous format

North XL offers a transformative take on the gaming PC case in a generous form factor. With fine-patterned mesh ventilation and an open front featuring FSC-certified walnut or oak panels, the design of North XL makes it a stylish addition to any living space while helping components stay cool. The design is complemented by sleek brass or steel details and an integrated tab for easy access to the top of the case. Inside, it boasts a spacious, flexible, and intuitive interior layout so you can make the most of your building aspirations and gaming experience.

Key features

- Enhance the look of your gaming station with sleek wood and alloy details
- Designed for E-ATX / ATX / mATX / mITX motherboards
- Enjoy natural ventilation through an open front and stylishly integrated mesh
- Choose a GPU up to 413 mm, or up to 380 mm with a 420 mm front radiator
- Compatible with front radiators up to 420 mm and top radiators up to 360 mm
- Get a head start on your build with the three included 140 mm Aspect PWM fans
- Slide open the side panels, unclip the front and use the integrated tab to pop off the top panel
- Make the most of your building experience with an intuitive interior layout
- Enjoy a sophisticated looking case which integrates effortlessly into your living space
