NOTICE

Please note that this device and its transmitter operate in the 2.4GHz frequency range. This range is also used by Wi-Fi equipment such as routers, wireless network adapters in laptops, game consoles, etc. To avoid possible interference, we recommend using the more modern version of Wi-Fi at the 5GHz frequency (ac/ax).

SAFETY GUIDELINES

Do not take apart the device and do not attempt to operate it under abnormal current loads. Doing so you will avoid warranty.

Keep the device away from liquid, humidity, or moisture. Operate the device only within the specific temperature range of 0° C (32 F) to 40° C (104 F). When the device exceeds the maximum temperature, unplug or switch off the device and let it cool down.

Long periods at the computer and an uncomfortable position can cause discomfort and harm your health. Please try to take the most comfortable position and take timely breaks. If you experience severe discomfort or pain, stop using it immediately and consult a doctor.

MAINTENANCE AND USE

The HATOR® devices require minimum maintenance to keep them in optimum condition. Once a month, we recommend you clean the device using a soft or cotton swab to prevent dirt buildup. Do not use soap or harsh cleaning agents.

BATTERY WARNING

The HATOR® devices contain a Li-ion rechargeable battery. In general, the life expectancy of such batteries depends upon usage. If you suspect that the Li-ion rechargeable battery inside the HATOR® may be drained (has a low charge), try charging it.

- Danger of explosion if the battery is incorrectly replaced. Replace only with the same or equivalent type recommended by the manufacturer.
- Dispose used batteries according to the local laws and regulations regarding safe disposal of lithium batteries.
- Disposal of a battery into a fire or by crushing or puncturing it can result in an explosion.
- Leaving a battery in an extremely high temperature environment can result in an explosion or the leakage of flammable liquid or gas.
- A battery subjected to extremely low air pressure may result in an explosion or the leakage of flammable liquid or gas.
- Do not ingest battery. Chemical burn hazard. This product contains a battery. If the battery is swallowed, it can cause severe internal burns in just 2 hours and can lead to death. Keep new and used batteries away from children. If the battery compartment does not close securely, stop using the product and keep it away from children. If you think batteries could have been swallowed or placed inside any part of the body, seek immediate medical attention.
